@scairpon traffic... what about traffic? Going by msft on 520 after work is ridiculous.

@scairpon · Mar 27

@linda_beecher I agree! Traffic congestion is our #1 resident concern. What steps do you think the city could take to help improve it?

@linda_beecher · Mar 27

@scairpon Light rail between Redmond and Seattle? Make more of the 'softies' use the buses that their company provides? Local only shuttle?

@scairpon when can companies like @volairNW be able to assist RPD with SAR? We would love to donate our time to help our community.

@scairpon · Mar 28

@volairNW intriguing I will DM you!

@Henry_Sterchi · Mar 28

@scairpon Yes traffic is horrendous, and when you try to solve it you shut down roads for months to build a roundabout. Seriously.. months?
